HONORING THE HISTORY OF 617 VINE

Designed by Lockwood Greene and Company and completed in 1926, 617 Vine Street housed the commercial offices and publishing facilities of The Cincinnati Enquirer for over 60 years. In 1975, the building was listed on the National Register of Historic Places due to its place in local history and architecture. The television series WKRP in Cincinnati (1978-1982) featured the building's exterior as the fictional Osgood R. Flimm Building. The building was reimagined as Hampton Inn & Homewood Suites Cincinnati Downtown in 2015. Several original features from the newspaper days can be found throughout the building today.
